EDUCATION

B

EASD

BARREIRA

Barreira Arte + Diseño was created more than 50 years ago, by the hand of its founder, Vicente Barreira Martín, with a clear educational project: to provide artistic education with a maximum level of professional quality; of excellence.

EASD

The School of Art and Design Superior of Valencia (Escola d'Art i Superior de Disseny de València), is a center that offers qualified education in the different areas of design, creation and the plastic arts.

BAU

BAU was born in 1989. Following the concerns of a group of design professionals with a strong teaching and pedagogical vocation, a center for advanced studies in design, modern, innovative and multidisciplinary.

UOC

The UOC is an innovative university, rooted in Catalonia and open to the world, which trains people throughout their lives, contributing to their progress and that of society, while carrying out research on the knowledge society.

WORK EXPERIENCE

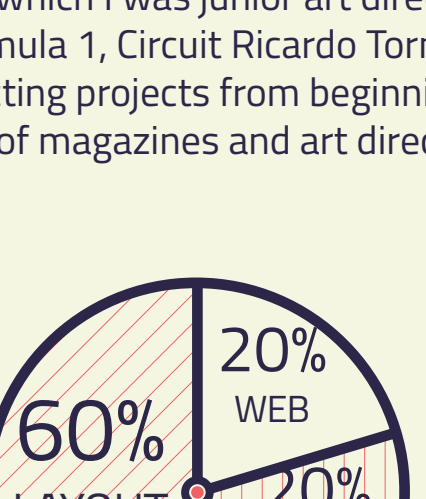

BAQUEDANO PRINT HOUSE / VALÈNCIA

Small print shop in the neighborhood where I became familiar with the operation of printing machines and the day to day of a printing press. The most remarkable: prepare final arts, optimize all types of impressions, manage production costs.

GÁFICAS LUIS DE LA HOZ / VALÈNCIA

Printing house where I started to do a little more elaborate work such as flyers, posters, logos etc. for neighborhood stores and small businesses in the neighborhood.

à DISSENY / VALÈNCIA

My first job contact in a design and advertising studio with large clients such as Radio Televisión Valenciana and the Valencian Government. In this company I acquired experience and knowledge especially in layout and branding.

DADA PUBLICIDAD / VALÈNCIA

Advertising company in which I was junior art director and made projects for: Metro Valencia, Formula 1, Circuit Ricardo Tormo or Norauto. It was a great experience in directing projects from beginning to end, with special emphasis on the layout of magazines and art direction.

HELLO FRESH / BERLIN

My first job contact in the German capital. Company focused on e-commerce in which I carried out various projects related to the brand and numerous applications for its promotion through the web and social networks.

SOCIOMANTIC LABS / BERLIN

Online advertising company, also focused on e-commerce, in charge of brands such as Zalando, Decathlon or Fnac. I developed self-promotion projects for Sociomantic and online advertising for various external clients.

BCNscience / BARCELONA

Agency specializing in the health sector, which has a large international client pool, my task was to develop and design advertising campaigns as well as explanatory brands such as Bayer, Novartis etc. on and online.

ALEA / BARCELONA

Alea is a multi-award company dedicated to the digital gaming sector. My tasks were to direct the digital marketing team of the different casinos that are part of the group as well and the realization of all the audiovisual needs.
